STEPS TO SUCCESSFULLY UPLOAD YOUR VIDEO TO YOUTUBE

You're Done! Go ahead and set your video to public!

9 Upload a Transcript

Set video location in advanced settings (Only if the video is promoting a local business).

Rename the .txt file transcript to your main keyword.

8 Add Location

Also add several other high ranking videos in the same niche to this playlist.

7 Add Video to Playlist Named Your Main Keyword

These are keywords, industry keywords, business name, competitors name

6 Add an Eye Catching Thumbnail
File should be named your main keyword.

 **KEY WORDS**

5 Add 5-10 Tags

- 200-400 words
- Naturally integrate main keywords, and secondary keywords.
- Include a link to your channel.
- Include a link to the video at the bottom of the description.
- Put your main keyword at the very end.

4 Add a Strategic Description

Your main keyword should be at the beginning, and secondary keywords at the end.

3 Add a Strategic Title

This ensures Google indexes your information properly the first time it goes live.

2 Upload Video as Private or Unlisted

1 Re-name Video File to Your Main Keyword
